## Concussion Management in Youth Athletics

Concussions are becoming more and more frequent in young people, perhaps due to increased participation in youth athletics.

Upland Hills Health Sports Medicine staff is holding a **free** informational session to help you learn about detection of concussions, proper management, the latest research and recommendations for a safe return to sports.

**When:** Wednesday,  
February 1, 2012

**Where:** Upland Hills Health  
Conference rooms A and B

**Who:** Parents and Coaches  
of youth athletes

**Time:** 6:00 pm – 7:00 pm

**Register:** 930 -7147 (space is limited)
